STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT

State: Missouri

 The agency applies higher resource standards than those in effect as of July 16, 1996, increased by no more than the percentage increases in the CPI-U since July 16, 1996, as follows:

 X The agency uses less restrictive income and/or resource methodologies than those in effect as of July 16, 1996, as follows:

Resources above the July 16, 1996 resource maximum are disregarded.

Disregard, up to 100% of the Federal Poverty Guidelines, the gross earned income of the adult parent(s) with whom a minor parent is residing for the purpose of determining eligibility of the minor parent.

Disregard earned income of parent caretakers under age 19 who are full-time students for purposes of eligibility and benefit determination.

Disregard all income of the family participating in a wage supplementation program.

Income above the state's July 16, 1996 AFDC standard that does not exceed 100% of the federal poverty level (as revised annually in the federal register) is disregarded.

Disregard the first \$206 of earned income of the family member with the highest earnings. Disregard the first \$90 of earned income of all other family members.

The needs and income of a step-parent are included in determining eligibility, if deemed step-parent income causes ineligibility. A step-parent's needs and income are excluded when determining a child's eligibility, if the step-parent income would cause a child to be ineligible.

TN No. MS-01-20 Approval Date SEP 27 2001 Effective Date 1-1-02

Supersedes TN No. MS-99-30

STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT

State: Missouri

The income and/or resource methodologies that the less restrictive methodologies replace are as follows:

Replaces all resource methodologies.

Counted the income of the adult parents of a minor parent in determining the eligibility of the minor parent.

Counted earned income of parent caretakers under age 19 who were full time students for purposes of eligibility and benefit determination.

Disregarded, for 9 months, all income of the family participating in a wage supplementation program.

The disregard of the first \$50 of child support received.

The inclusion of the needs and income of a step-parent replaces the step-parent deeming methodology when step-parent deeming results in ineligibility.

— The agency terminates medical assistance (except for certain pregnant women and children) for individuals who fail to meet TANF work requirements.

— The agency continues to apply the following waivers of provisions of Part A of title IV in effect as of July 16, 1996, or submitted prior to August 22, 1996 and approved by the Secretary on or before July 1, 1997.
